

PRISMATIC POWDERS TRAINING PROGRAM

Prismatic Powders offers the only one on one training program for custom powder coating. Prismatic training courses are custom designed to meet each customers learning objectives. With individual training, our instructors are able to speak with students prior to the training course and custom design each class to meet the specific needs of each customer. Customers can apply any of Prismatic's vast array of colors on their own parts or those supplied by Prismatic. Courses are taught at Prismatic's Training Facility in White City Oregon or onsite.

Below are topics typically covered in most courses.

Training Topics

- Metal Prep
- Out-gassing
- Racking Techniques
- Choosing the right powder for the right application
- Basic to advanced powder application.
- Proper curing techniques and schedules
- Problem solving and troubleshooting defects
- Proper equipment and operation
- The importance of fluidizing and correct powder delivery
- Re-works , stripping and powder burn off
- Hands on application for top coats, two coats, metallics, textures, powder fades and other specialty powders.
